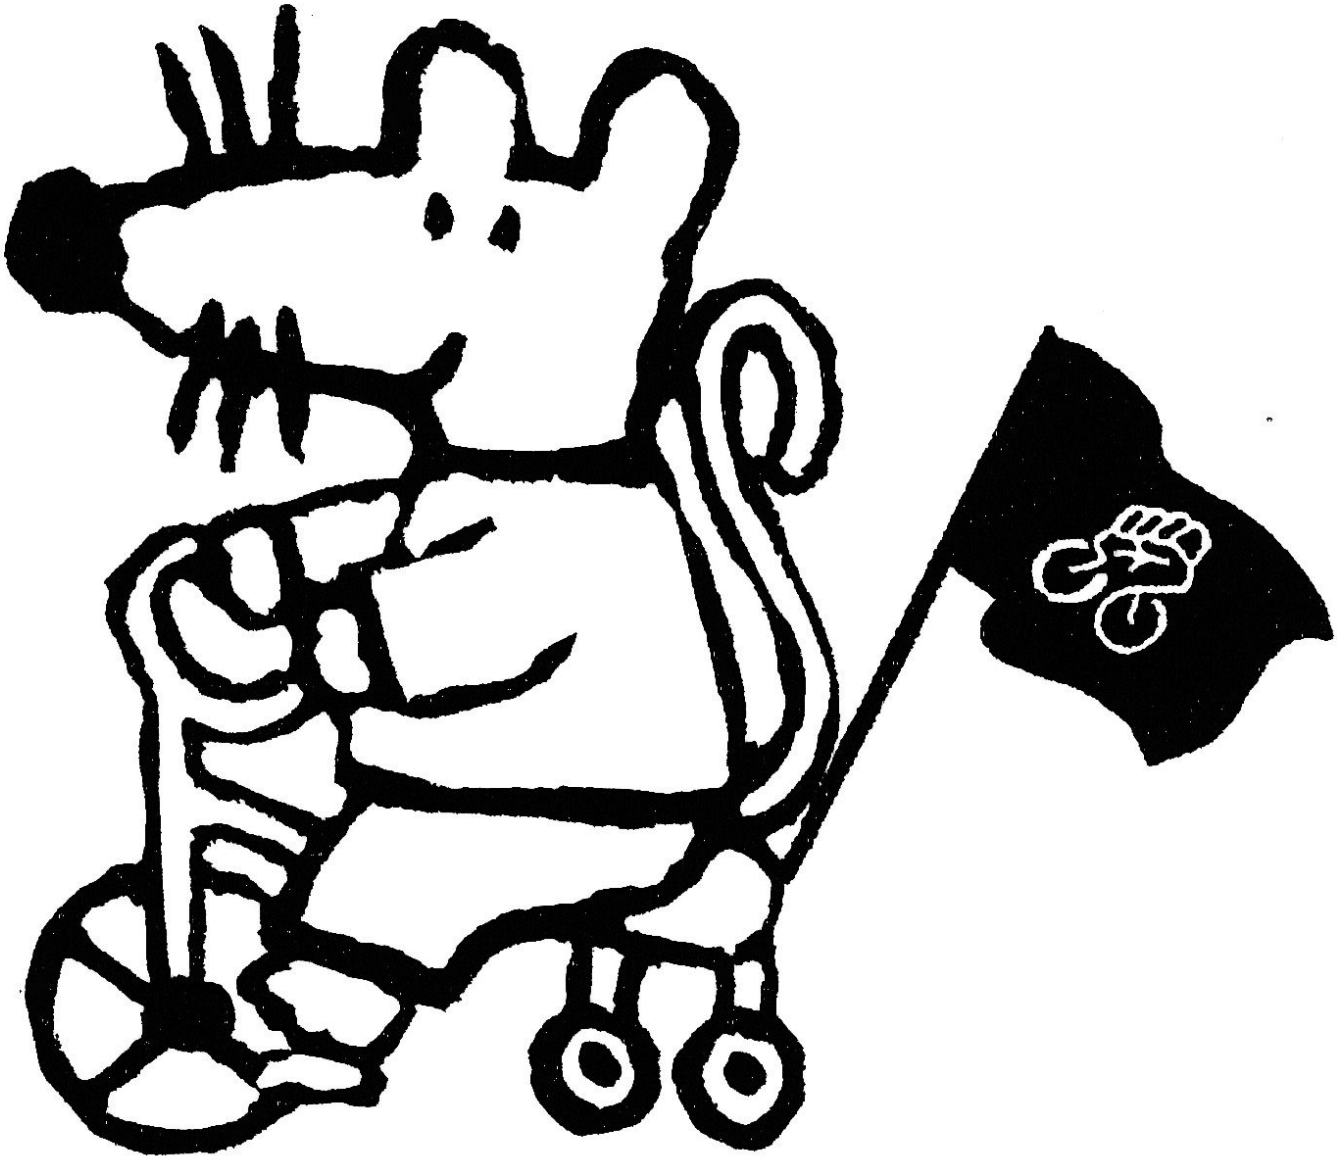
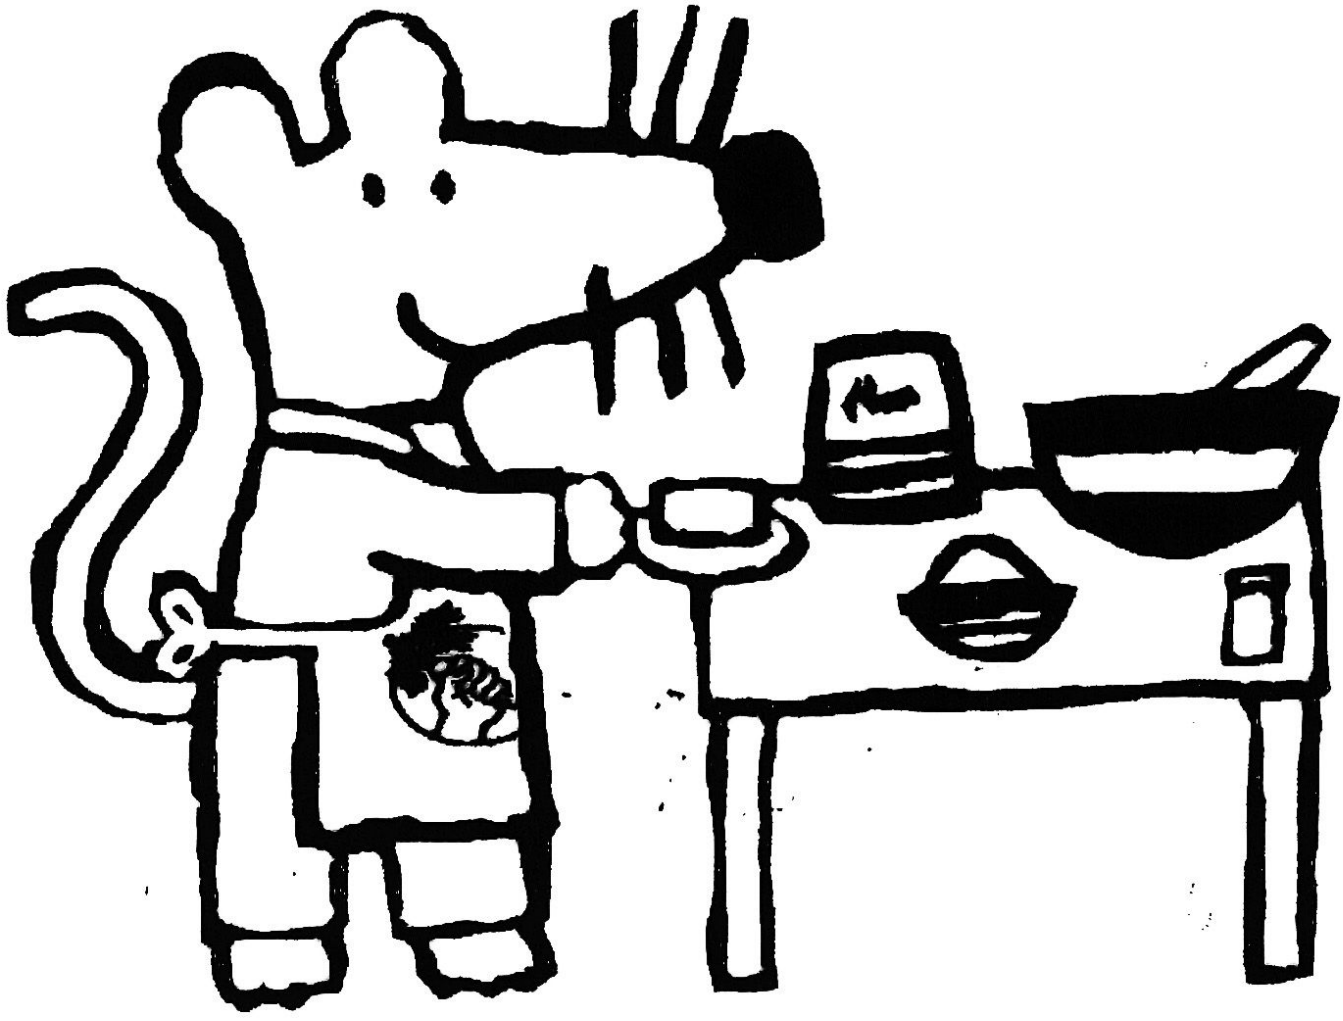
Maisy The Activist Counting and Colouring Book

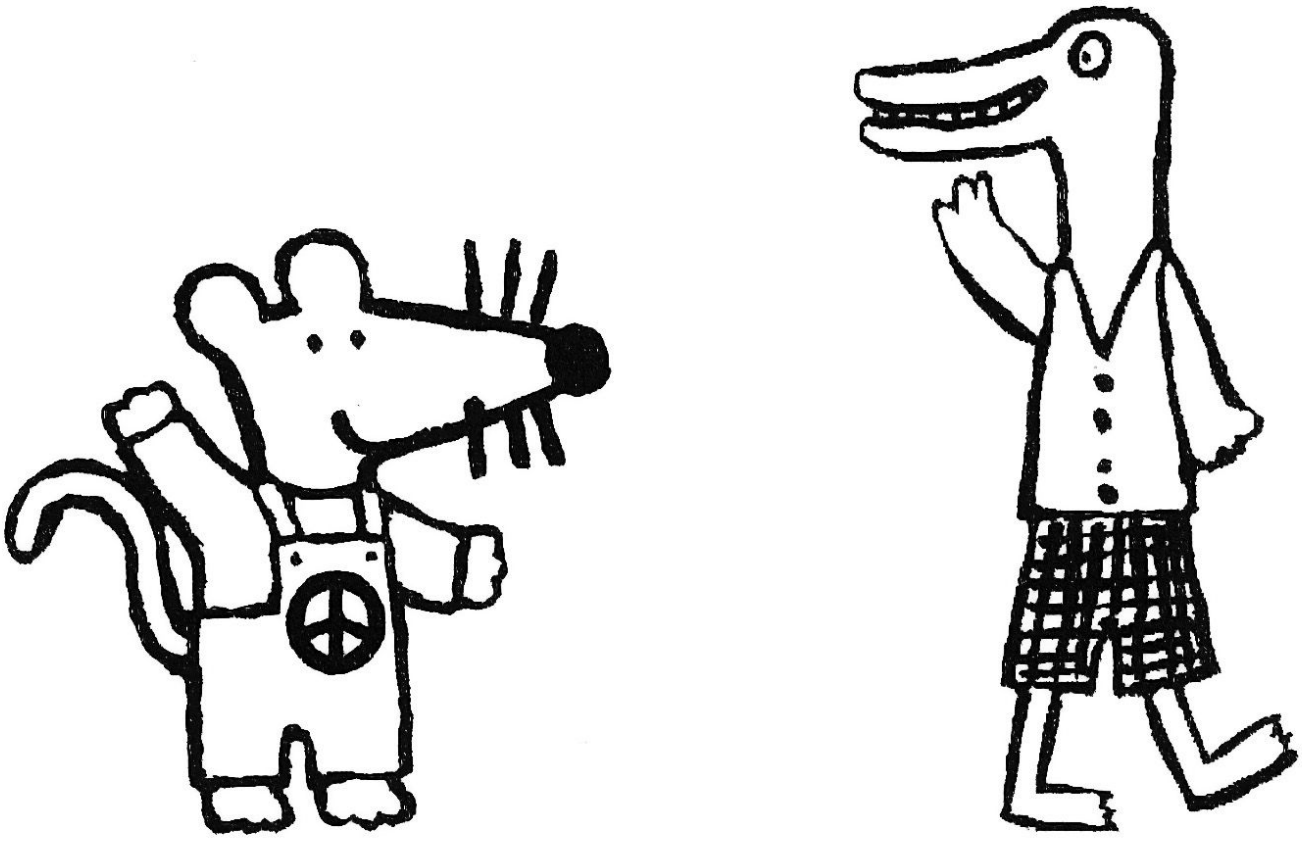


Lucy Parsons

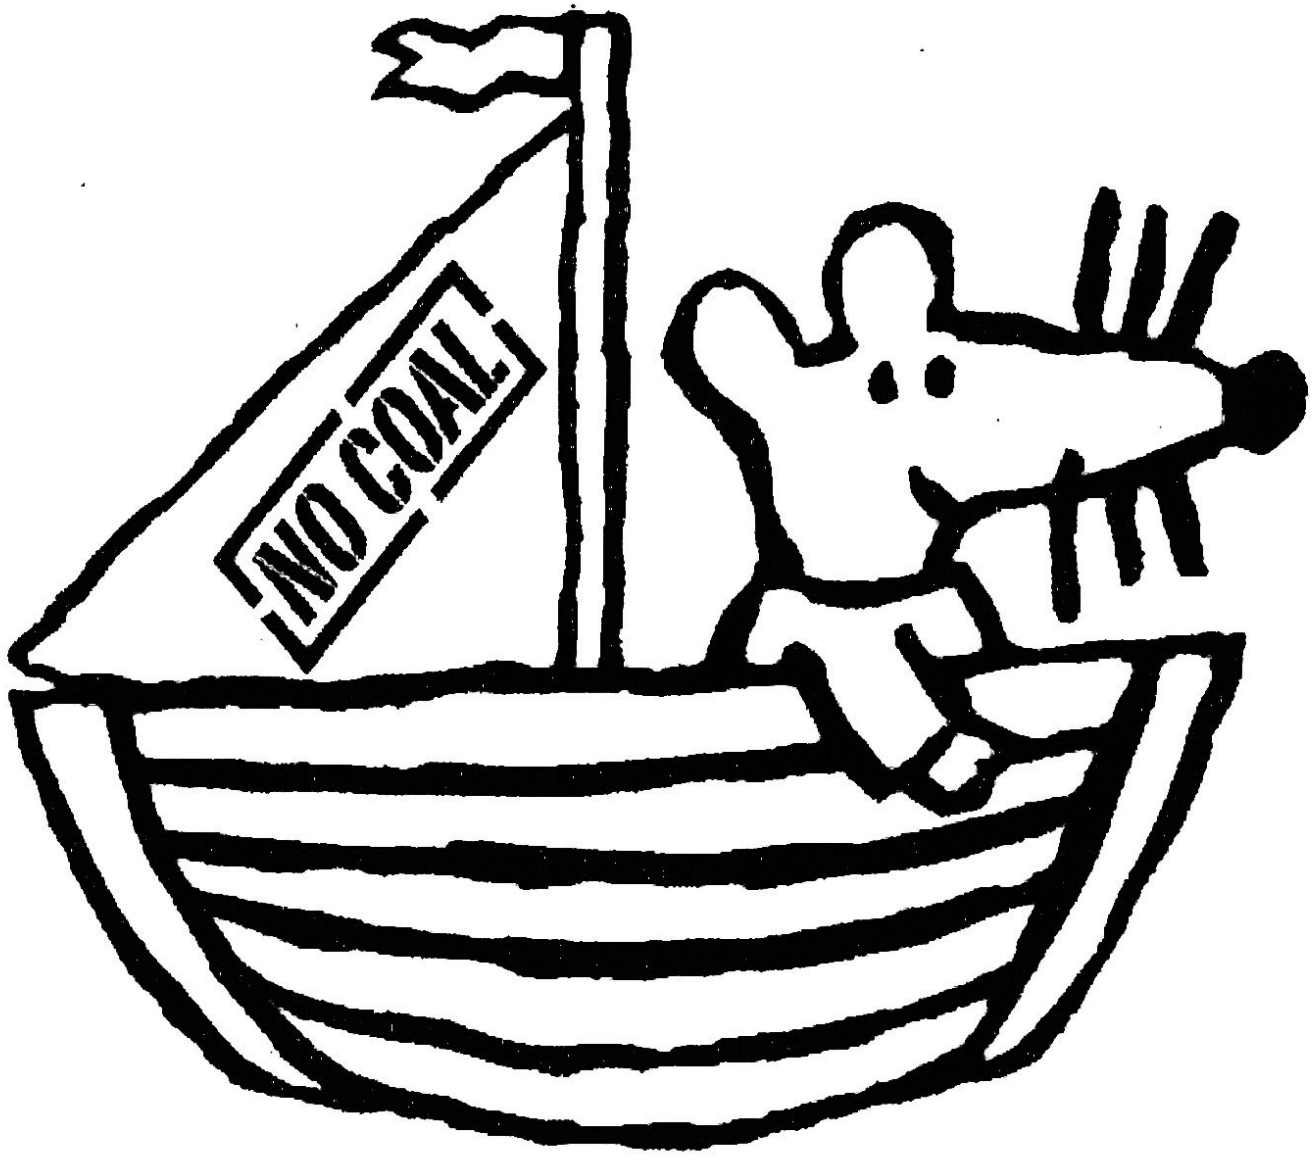
On Monday Maisy pied a politician for locking her refugee friends up in detention.



On Tuesday Maisy baked cakes for the homeless with Food Not Bombs.



On Wednesday Maisy picketed the US embassy demanding they decommission their weapons of mouse destruction.



On Thursday Maisy held up coal ships for hours as part of an anti-global warming flotilla.

On Friday Maisy repaired her new squat and planted flowers and food crops in the garden.

On Saturday Maisy played with all-female punk band The Sewer Rats at a fundraiser for the Experimental Subject social centre.

On Sunday Maisy rescued chickens from a battery farm and found happy homes for all of them.

Coming up in the Maisy the Activist series:

Maisy Goes Feral: When the government cuts social spending in order to give billions to banking fat cats Maisy joins an anti-austerity riot.

Maisy Drops Out: Tired of police harrassment and city hassles Maisy abandons the city for Free Rodent Farm. Her idyllic country lifestyle is soon interupted when her agribusiness multinational neighbour Farmer John plants genetically engineered crops and allows coal seam gas miners onto his land to frack up the environment.

Masiy Goes To Washington: Maisy travels to the centre of world imperialism to confront Media Mogul Mickey Mouse over his use of weapons of mass distraction to promote war, sexism and racism, cover up the real causes of poverty and inequality, and invade everyone else's privacy.
